## PRESS RELEASE

### The One-Mug Coffeemaker Set

Melitta offers two paper filters, one plastic cone and one color coordinated ceramic mug or stainless steel travel mug in the coffeemaker sets. The unbleached, brown paper filter was produced in response to environmental concerns. The filter is now double crimped to reduce bursts during the brewing process. The ceramic mugs are 4.5" tall and have a 12 oz. capacity. These sets are sold eight to a case and include 2 of each: blue, red, green and purple mugs. Down to Earth carries many more varieties of beverageware for tea and coffee. Call a salesperson today for more information!
