Down To Earth Distributors, Inc.
P.O. Box 1419, Eugene, OR 97440

Practical Goods For Natural Living

Started in Eugene, Oregon, in 1977, Down To Earth Distributors has grown to become a national supplier of all-natural garden-to-table products and manufacturer of Down To Earth Fertilizer.

As active gardeners, canners and cooks, we have been at the forefront of the green and all-natural lifestyle.

We tailor our products for garden centers, co-ops, natural grocers, and hardware stores, providing the widest selection of natural living products available.

Down To Earth Natural & Organic Fertilizers

Down To Earth™ features a complete line of natural and organic fertilizers, soil amendments, and potting media that work with the microorganisms, fungi and organic matter in the soil to feed plants and stimulate growth.

Our natural fertilizers are carefully blended from the best sources of organic nutrients in ideal proportions without the use of synthetics, growth stimulants or low quality fillers like poultry waste. Many of our fertilizers are approved by OMRI for use in organic crop production.

Whether it's a multi-purpose blend or a specialized soil amendment, you can be confident that you are providing your customers the best product available.
